Steel Baths and Spa Baths

Nominal Sizes: 1675mm x 770mm x 400mm
1525mm x 770mm x 400mm

Shark

Steel Bath

Nominal Sizes:

1675mm x 770mm x 400mm

1525mm x 770mm x 400mm

A versatile porcelain enamel on steel bath for general applications. Featuring a deep flatter bowl and extra width with long lasting and environmentally friendly physical attributes. The non-porous surface is resistant to scratching, household chemicals and will not absorb dirt, stains or germs.

The **Shark** bath and spa bath are available in two sizes:

1675mm long x 770mm wide x 400mm deep – standard Code No.857521,

1525mm long x 770mm wide x 400mm deep – standard Code No.857520.

Overflow option available. The 1675 bath is also available as a Hydro Spa Bath as standard or hot versions.

Durability: The shell is a seamless rigid steel pressing, a strong durable material that won't flex or bend so the shape is permanent with a non-porous, glass hard porcelain enamel finish which provides a hygienic, scratch and stain resistant surface.

Waste Outlet: Waste outlet is suitable for 40mm diameter standard waste assembly.

Bath Capacity: 1675 x 770 – 235 litres to rim, with overflow 185 litres.
1525 x 770 – 225 litres to rim, with overflow 170 litres.

Installation: The bath is suitable for built-in installations. The bath is self-supported around its rim. The support system may be timber, metal or brick. Not suitable for island installations. Refer Sheet 9.01.1 for further installation information.

Colour: White and Ivory.

Dimensions: All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.
